Schedule another appointment

The image shows a screenshot of the Saint Louis University NAVIGATE system. At the top, there is a blue header with the university's name and logo. Below this is a navigation bar with a search function and several menu items: Home, Dashboard, To-Dos and Events, Notifications, Class Schedule, Major Explorer, and Help. The main content area features a large green confirmation message that says "Appointment Scheduled" and "Great job scheduling your appointment!". To the right of this message are two buttons: "View appointments" and "Schedule another appointment". The interface is clean and modern, with a light blue and green color scheme.
