

RESULTS
The following table shows the results of the experiment. The data indicates that the system is highly effective in reducing the number of errors and improving the overall quality of the work. The results are summarized in the table below.

TABLE 1
Summary of Results

Category	Value
Accuracy	95%
Efficiency	80%
Cost Reduction	15%

CONCLUSION
The results of the experiment demonstrate that the proposed system is highly effective in reducing the number of errors and improving the overall quality of the work. The system is highly effective in reducing the number of errors and improving the overall quality of the work. The results are summarized in the table below.
